Lithuanian Beauty and Personal care brands are already known worldwide for its high quality products, created based on innovations and cooperation with scientists and focusing on key global trends – natural, organic, zero-waste, etc. Taking into consideration the competitiveness of this sector, Kaunas Chamber of Commerce, Industry and Crafts with its main goal to support companies' economic activity, is organizing a country pavilion in WeCOSMOPROF International 2021. The participation is financed by European Regional Development Fund.

Participating companies:

Aconitum - a fully integrated GMP and HACCP certified pharmaceutical manufacturer from EU, Lithuania. Aconitum produces herbal & homeopathic medicines, food supplements, generics and cosmetics. Aconitum Innovation department constantly develops new products cooperating with European scientists. Customers in 70 countries trust Aconitum as their product development and manufacturing partner.

Product sectors:

- Supplements and nutraceuticals for retail distribution

ODA is a well-known Lithuanian cosmeceutical brand created from deep understanding of vital skin needs. All the products are based on organic acids and are solving deep skin problems rather than symptoms. There are two product lines: for professional use only and home line for continuous treatment after cosmetological procedures. ODA cosmetics solves such skin problems: acne, post acne scars, wrinkles, dehydration, pigment spots, skin sensitivity, stretch marks and other.

SOLIDU is an environmentally conscious, woman-owned cosmetics brand from Lithuania. We hand-make solid hair care products as well as other body products using only concentrated active ingredients and without water or plastic. Even our packaging is 100% backyard biodegradable in just 45 days! Your everyday body care products contain around 80% water, yet SOLIDU bars are made only from the stuff that you need: skin-loving active ingredients, quality oils, botanical extracts and essential oils.
